## Hospital Fund Latest Reports Show \$907,659

Contributions To Jameson Memorial Hospital Fund Since Drive Ended Boost Total

### SOME REPORTS ARE STILL TO BE MADE

Total subscriptions to date in the recently-concluded Jameson Memorial Hospital Expansion Fund campaign were announced Monday as \$907,659.44.

This figure was announced jointly by Alex Crawford Hoyt, Campaign Chairman, and Roger W. Rowland, president of the Jameson Board of Directors.

In their statement, Messrs. Hoyt and Rowland praised the citizens of New Castle and Lawrence county for their "whole-hearted and unselfish participation" in the campaign, which they cited as "an example without parallel in community co-operation."

### Contributions To Date

The figure of \$907,659.44 is an official tabulation of all contributions received to date, and includes all contributions received since the final report dinner of the general campaign at which a total of \$884,000 was reported.

The total figure will be increased by any additional subscriptions now in the hands of campaign workers, but which have not yet been reported.

## Pa Newc Observes

Some record iceles are being formed around the city, due to melting snow and severe freezing.

Pa Newc has as yet to be informed of anyone having seen a horse and sleigh out on the streets or highways this winter. Usually, at least one of the old time "cutters" is reported.

"Heaved pavement ahead" signs are beginning to appear along State highways in this area, revealing the result of the severe winter weather conditions on the highways. Something has been added to the notices this year, a hand being erected at the point where the pavement is heaved, pointing to the spot.

City hall officials will be closed Thursday afternoon, it being Lincoln's birthday.

Solicitor Robert McKinney White pointed out today that on February 25 the city would celebrate its eightieth anniversary of incorporation.

Weather conditions were peculiar on Sunday. In shaded places around the homes temperature was recorded around 15 degrees above zero during the most of the day, while downtown where the sun struck the streets, there was running water and slush in the afternoon.

High winds over the week end in the rural sections of the county resulted in some drifting on the northern and southern roads. It is reported by Alfred Martin, county highway superintendent. Two plows were sent out early this morning to combat the situation. The main routes are clear with key spots on the secondary roads. It is learned.

Housewives who were not quick in bringing their daily supply of milk from their porches into the house the past few mornings, found that the cold weather had frozen the contents and pushed the cream over the top of the bottle.

## Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:

Maximum temperature, 30.  
Minimum temperature, 13 below zero.

No precipitation.  
River stage, 4.3 feet.

Statistics for the 24-hour period ending at 9 o'clock Sunday morning are as follows:  
Maximum temperature, 30.  
Minimum temperature, 15.  
Precipitation—traces snow.

Plummeting toward the water (top) 247 feet below the Golden Gate bridge is stunt man Dusty Rhodes. Clad in a rubber diving suit and equipped with three parachutes, he died in the leap after two of the chutes failed to open. Bridge guards who tried to restrain him were unsuccessful.

## Prices Coming Down, Declares Senator Taft

By WILLIAM E. ZIMMERMAN (I. N. S. Staff Correspondent)

WASHINGTON, Feb. 9.—Sen. Taft (R) Ohio declared today that the market slump means "prices are coming down" and demanded that the administration center its fight against inflation instead of deflation.

The Senate GOP leader again accused administration officials of using "every available facility" to keep prices up at the first sign of a crack in the high cost of living.

Taft's criticism was directed mainly at Secretary of the Treasury Snyder and Secretary of Agriculture Anderson. He said Snyder was "holding back money from the banks" and Anderson had "rushed out to buy fifty million more bushels of wheat."

Anderson denied, however, that the government had used its export purchase program to boost prices and said there are no plans for federal purchases at this time. Taft said that the slump in the stock and commodity markets is being taken into consideration in the preparation of the report now (Continued on Page Two)

## Large Gas Well Is Brought In At Canonsburg

PITTSBURGH, Feb. 9.—(INS)—Pittsburgh's trouble in obtaining natural gas may be partially solved today by the uncovering of a newly-founded well in Pete Township, Washington county, capable of producing 5,000,000 cubic feet of natural gas daily.

Forty-nine year-old Sylvan Hahn, president of the Hahn Gas and Oil Company, a florist all his life, is the man who brought the big well in last week and is ready to start negotiations for the sale of the 5,000,000 cubic feet daily natural gas output.

The Manufacturers Light and Heat Company, one of the large suppliers of gas in the Pittsburgh district, has already made offers to buy the gas. A day after the well blew in, it was capped and a valve applied. Located on a 400-acre area near Canonsburg, the well is the fifth drilled by the Hahn company, and by far, the most lucrative of the quintet.

## Favor Extension Of Grain Rationing To Liquor Industry

(BULLETIN)

WASHINGTON, Feb. 9.—(INS)—A joint House-Senate subcommittee unanimously recommended today that Congress grant the president the right to ration grain to the liquor industry until next Oct. 31.

The decision was announced after a two-hour conference by a spokesman for Sen. Flanders (R) Vt., chairman of the subcommittee. The unanimous vote favored the president's request that he be allowed to limit distillers to two million 500 thousand bushels per month, about half their normal use.

### Indian Army Announces 2,000 Kashmir Moslems Are Killed In Battle

NEW DELHI, Feb. 9.—(INS)—The Indian army announced that 2,000 Kashmir Moslems have been killed in a two-day battle, as the government outlawed two Moslem organizations in the continuing Hindu-Moslem tension today.

Artillery and planes were brought up to the hills around Naoshera, in western Kashmir, to rout 11,000 Pathan tribesmen who began a mass attack Friday morning.

## Britain Plans To Push Wage Freezing Move

LONDON, Feb. 9.—(INS)—Britain's harassed labor government is today determined to forge ahead with its wage-freezing program despite the threat of nation-wide strikes.

Over the week-end, delegates representing 500,000 workers flatly rejected Prime Minister Clement Attlee's wage-freezing plan. They demanded instead rigid price control of all consumer goods.

Should the government go through with plans to peg salaries, some observers feel that a series of nation-wide strikes may result. In an attempt to mollify disgruntled trade unionists, Attlee, together with economic minister Sir Stafford Cripps, foreign secretary Ernest Bevin, and labor minister G. A. Isaacs will meet on Wednesday to discuss the wage problem.

## Pray For Peace

February 13 has been suggested by the United Council of Church Women as a day of world wide prayer for the peace of the world. This organization believes that a sincere appeal to the Almighty, through the medium of prayer, will solve some of the problems that have thus far resisted the efforts of statesmen.

Each day until February 13 The News will carry the comment of various laymen in the city concerning the plan. Today's comment follows.

As a physician I realize only too well there is a power above and beyond me mortals, a power that can achieve results far beyond our mortal abilities. We have tried statesmanship for our international problems and thus far we have accomplished all too little. Let's try God. The prayers of a weary world cannot help but be heard. E. F. HENDERSON, M. ## Bones Of Dinosaur Found In New Jersey

PHILADELPHIA, Feb. 8.—(INS)—The name of a Philadelphia scientist went down into paleontological history today because he went digging for seashells but instead hit a scientific jackpot. The scientist—Dr. Horace G. Richards, of the Philadelphia Academy of Natural Sciences—came up on his seashell-digging expedition with the remains of a prehistoric dinosaur.

The "discovery" roamed the New Jersey shoreline some 60,000,000 years ago—apparently before even "Kilroy" was there. Dr. Richards makes it a habit to nose around any sites in the Philadelphia area where excavations are being made.

### Desert Wasteland Being Searched For Bandit In Wanton Slaying

### HIGH SCHOOL GIRL IS HOLD-UP VICTIM

REDLANDS, Calif., Feb. 9.—(INS)—Sheriff's posse were poised today to renew their search of the desert wastelands near Beaumont for a seedy-looking bandit who wantonly killed the co-ed daughter of a prominent Redlands family.

Victim of the tragedy was 17-year-old Marjorie Winn, a brunette beauty who was a candidate in the queen contest now running at Redlands high school.

### Slain With Shotgun

She was slain with a .410 gauge shotgun when she and her escort, James Sloan, Jr., tried to escape being robbed.

Sloan is a Southern California freshman and the son of a wealthy citrus grower.

The slaying occurred early yesterday while Sloan and the girl were returning from a rodeo at Palm Springs.

Sloan and Miss Winn stopped momentarily along the highway, with the motor still running, four miles west of Beaumont when the killer came up on the car from the rear.

### Shoots Girl

He yanked open the door next to the girl, pressed the sawed-off shotgun against her side and demanded their money.

Instead of submitting to the robbery, the girl, frightened, urged Sloan to drive away. Sloan threw the car into gear and sped off. As he did so, the killer pulled the trigger, sending the shotgun blast into the girl's chest. She was dead by the time Sloan reached a farmhouse.

One hundred men, four airplanes and 20 cars were thrown into the search for the killer.

## Senator Martin Is Making Tour

### U. S. Senator From Pennsylvania On "Sounding Board" Tour Of Midwest

PHILADELPHIA, Feb. 9.—(INS)—U. S. Senator Edward Martin of Pennsylvania invaded the midwest today on a "sounding board" tour diagnosed by political observers as a test of his support for the "dark horse" chance of becoming the Republican presidential nominee.

Martin, former Pennsylvania governor, definitely will be the state's "favorite son" candidate for the presidency at the GOP national convention in Philadelphia next June 21.

Observers believe, however, that Martin is placing his highest hopes upon winning the vice-presidential nomination if his "favorite son" bid collapses, as most believe it will.

At Chicago tomorrow night, Senator Martin will address the Lincoln Day dinner of the Illinois Republican state central committee. Illinois Republicans will cast 56 of the 1094 convention votes next June.

On Thursday night, Martin moves into Kansas for another Lincoln Day speech before the third district Lincoln Day club of Independence.

Friday night he speaks in Kansas City, Mo. Kansas and Missouri will control 19 and 33 votes, respectively, at the GOP convention. Pennsylvania will cast 73.

## U. P. Moderator Here For Meeting Of Men

Men of the U. P. churches of New Castle will unite this evening at 6:30 o'clock in the Third U. P. church for their yearly moderator's dinner. At that time Samuel A. Fulton, West Allis, Wis., moderator of the U. P. church of North America, will be the main speaker.

Mr. Fulton, who has served on the Board of Administration for nearly 25 years, is the second layman that has ever been elected as moderator of the U. P. church. He is an elder in the West Allis U. P. church and has been active in the work of the Gideons for about 45 years, having held every international office this organization has and having been active in its leadership for the past 30 years. He is president and treasurer of the Fulton company, manufacturer of automotive equipment.

Howard Duncan of the host congregation is serving as chairman of the general committee, while Merle Dicks of Second church is chairman of the entertainment and publicity committees. Clare Alford of Third church is chairman of the dinner committee.

Dr. Wilbur Flannery of Highland church will serve as toastmaster at the dinner.

## Await U. S. Views On U. N. Palestine Army

LAKE SUCCESS, N. Y., Feb. 9.—(INS)—The United States is expected to state its views to the security council this week on the proposed use of American and other troops to enforce partition of the Holy Land.

The Palestine commission is putting the finishing touches to its memorandum calling on the 11-nation body within a few days to provide the means for "implementing" the general assembly's resolution on the partition of the Holy Land into Arab and Jewish states.

The commission is wholly agreed, after six weeks of consultation with the British and Jewish and the Arabs, that partition of the Holy Land can only be achieved if U. N. authority is backed up by an international armed force.

The commission's report is not expected to define the size of armies, its composition and arms requirements but largely to stress the need for "urgent" steps by the council in providing "the implementation."

## Home Destroyed By Fire Today

### Five Room Dwelling On Old Pittsburgh-Chewton Road Is Burned

### SIX PERSONS ARE ROUTED BY BLAZE

An early morning fire, which completely destroyed the five-room home of Albert Gumiezny, R. D. 1, Wampum, Old Pittsburgh-Chewton road, routed six members of the family at 6:15 a. m. today, who escaped with only their bed clothing.

According to Mr. Gumiezny, he was awakened in his second floor bedroom by the smell of smoke and immediately awakened his sister and husband and their three children who resided with him at the home.

### Firemen Called

A passing milk delivery man, discovering the blaze almost simultaneously with the owner of the home, sped almost a mile away to the home of P. J. Tilla, Wampum-Chewton road, where a call was put in for the Shenango township fire department. The East New Castle and Castlewood trucks were immediately dispatched to the scene but the fire had gained such (Continued on Page Two)

## Block Threatened In Fire At Butler

BUTLER, Pa., Feb. 9.—(INS)—A fire in Butler today threatened an entire city block and caused \$100,000 damage to three Main street stores.

A second floor studio was completely destroyed, while a jewelry and a clothing store were partially damaged.

Firemen, hampered by cold weather, were still battling the blaze at noon. The fire started around 3:30 this morning.

## Caribbean Trip Will Be Started On February 20

### American Possessions In Caribbean Will Be Inspected By President

### TRIP TO EXTEND OVER TWO WEEKS

By ROBERT G. NIXON (I. N. S. Staff Correspondent)

WASHINGTON, Feb. 9.—President Truman will leave Washington by air on Feb. 20 for an extended tour of the sunny Caribbean including visits to Puerto Rico, the Virgin Islands, Cuba and South Florida.

The White House announced today the president's intention to make a twice-delayed visit to the American possessions in the Caribbean.

Mr. Truman may be away from the capital as long as two weeks on a trip that will combine official affairs with an extended rest in the southern sun to put him in prime shape for the long battle ahead in this year's presidential campaign.

### Period Of Rest

The trip will combine air and sea travel, together with a period of rest at the U. S. submarine base at Key West, Fla., a spot which the president has visited several times.

The president will leave Washington by air at 10:00 a. m. Feb. 20. He may remain away from Washington through March 5, although the White House said the trip can be shortened at any time if the president's return to Washington becomes necessary.

Mr. Truman is scheduled to arrive in Key West at the Boca Chica Naval Air Base at 2:30 p. m. EST, on Feb. 20. He will spend the night at the submarine base, leaving by air for Puerto Rico at 5:00 a. m. EST, Feb. 21.

The schedule then calls for arrival at San Juan, Puerto Rico, at 10:30 a. m. (San Juan time).

## District Again Feels Sub-Zero

### Promise Of Respite Is Held Out By Weather Man However

(By International News Service)

Western Pennsylvania bore the brunt of a cold snap early today that sent temperatures tumbling far below zero in most areas, but promise of a respite was held out by the weather bureau.

Temperatures early today ranged from 26 below zero at Port Allegany to three above at Pittsburgh. Moderation promised.

Some snow was forecast for today as highway crews continued to clear secondary roads of drifts caused by last week's heavy snows over most of the western half of the state.

While some moderation in the cold wave was promised, it was expected temperatures would continue below zero in the mountain areas. Low recordings last night included:

Kane, -25; Ridgway, -24; Phillipsburg, -22; Piney and Kittanning, -15; Clinton and Saltsburg, -14; Somerset, -12; Franklin, -13; Meadville, -11, and Mercer -8.

A throaty rumble, of little size, a snort where it should be a purr, a shivery, quivery sort of snort, that seemed to end up in br-r-r-r. For automobiles feel the weather, too, they notice it down below, and on morning like this they are apt to be, like humans, a little bit snuffy. But keep on punching the button, friend, and it finally gets away, with a roar and a snort and a cloud of smoke, it's cold, it's cold, it's cold.

# Report Russia Changes Plan On Sea Outlet

LAKE SUCCESS, N. Y., Feb. 9.—(INS)—A United Nations report released today indicates that American influence in Greece and Turkey has forced Russia to contemplate abandoning Black Sea ports as her principal exits to the outside world.

As an alternative outlet for over-seas trade, the report intimated, Russia has selected Danzig, the Polish Baltic seaport.

The report was issued by the United Nations Secretariat's Department of Economic and Social Affairs. It is to be presented to the U. N. Economic and Social Council for study and discussion.

Because of the intricate information it contains, the report carefully dodged making any analysis of its contents. It showed, however, that Russia is welding the economies in her eight satellites into one international unit.

Poland's selection as the Russian outlet to world trade apparently is based on the tightening grip of the United States in the Mediterranean. Particularly American influence in Greece and Turkey, the two nations that control the Dardanelles—the narrow straits through which all Black Sea traffic must travel to reach foreign shores.

Danzig is one of the best ports in Europe. It was developed between the two world wars after it was designated a free city by the League of Nations to permit access to the sea to land-locked central European nations.

general phase of the campaign, urged any workers in his divisions who have not yet completed their reports to do so at the earliest opportunity so that records may be whipped into final shape. Messrs. Robert H. Cunningham and H. L. Gordon, co-chairmen of the Advance Gifts Division, also urged their workers to turn in any late contributions received.

**Grateful For Response**

"The magnificent showing in this campaign," said Mr. Rowland, "has made it possible to proceed with plans for the expansion of the Jameson Memorial Hospital and to provide additional hospital beds which are sorely-needed for New Castle and Lawrence County. We are grateful to all the good people in this county who made this campaign such an outstanding success through both their contributions and their work in the various divisions. So will many people who need hospital facilities—not now available—be grateful."

Headquarters for the Jameson Hospital Expansion Fund now are at Room 225 Lawrence Savings and Trust Building. The telephone number is 6830.

United States attempts to aid Europe's hungry millions are severely hampered by the loss of 200,000,000 bushels of grain crops each year due to farm rodents.

carcass of a horse. Rarely do they prove to be a paleontological gem. But this proved to be it.

**Duck-Billed Dinosaur**

This was a duck-billed dinosaur which apparently lived in Jersey long before the mosquitoes, thrashing clumsily around in the marshes when the Garden State was 90 per cent Atlantic ocean.

The web-footed, 35-foot long vegetarian is commonly known among scientists as hadrosaurus fouldi. The "hadrosaurus" comes from the Greek word meaning stout lizard, while "fouldi" is an adaptation of Foulke, the name of the man who discovered the first dinosaur in America—another hadrosaurus which he unearthed at Haddonfield, N. J.

Dr. Richard's hadrosaurus is the second to be found in New Jersey since the original turned up 90 years ago.

A few other hadrosaurus specimens have been found in Maryland and the Carolinas, but they were not very good ones, he said. No one yet has found the skull of a hadrosaurus.

Poland's selection as the Russian outlet to world trade apparently is based on the tightening grip of the United States in the Mediterranean. Particularly American influence in Greece and Turkey, the two nations that control the Dardanelles—the narrow straits through which all Black Sea traffic must travel to reach foreign shores.

## WOOL GROWERS IN ANNUAL MEETING

(Continued from Page One)

by the ladies of Liberty Grange, with lamb as the piece-de-resistance, Assistant County Agent John H. Holbert served as toastmaster. Rev. Howard A. Redmond, pastor of the Mahoning Presbyterian church, favored with a piano solo, and vocal numbers were given by John Kyle of North Beaver. A humorous skit was presented by four women from Harrisville in Butler county.

**Fewer Sheep Raised**

At the afternoon meeting, W. B. Connell, sheep and wool expert, refuted the idea that the price of wool governs the price of the finished garment, stating that if the wool were given to the manufacturers, that the difference in the price of the finished garment could only be from three to five dollars, as proven by actual purchases.

Mr. Connell pointed out that there are now only a third the number of sheep in this country that there were in 1940, due to a number of factors, such as lack of skilled help in the range country, ravages by dogs and lack of fencing in the east, etc.

R. H. MacDougal, county agent of Butler county, took the place of A. E. Cooper, of Penn State college, who was unable to attend because of illness, and discussed the subject of better pastures.

During the afternoon, Miss Emmeline Mehlman, home economics extension worker, demonstrated a number of ways of drying and broiling lamb chops and patties.

The attendance was exceptionally large, over a hundred sitting down to the banquet at noon.

**Transportation Strike Threatens In Philadelphia**

PHILADELPHIA, Feb. 9.—(INS)—A paralyzing strike of 11,000 transportation workers is threatening in Philadelphia today.

Local 234 of the CIO-Transport Workers Union announced that a walkout would be recommended because of stalemated wage negotiations between the union and Philadelphia Transportation Company.

A general membership meeting of the day shift workers has been called for 7:30 p. m., tonight, while night shift workers will vote on the strike at 11 o'clock.

The union's current contract expires at midnight Tuesday.

considerable headway that nothing could be done other than save a nearby granary.

**Water Freezes In Hose**

The temperature at the fire scene was recorded as 17 below zero, causing the water in the fire hose to freeze as the fire fighters attempted to save the adjoining building.

Mr. Gumiezny, who is steward at the Polish club in Chewton, not only lost all of his own possessions and that of his sister's family, but \$700 in cash which was the property of the club, it is reported. The money, in currency and silver, was consumed by the disastrous blaze.

Firemen at the scene were told by the home owner that the cause of the blaze was attributed to a missing brick in the chimney with sparks from the fire igniting the framework of the home through the opening in the chimney. No estimate of the damage was given to the firemen but the loss is especially severe due to the fact that everything the two families owned was consumed by the devastating fire.

**PRICES COMING DOWN, DECLARES SENATOR TAFT**

being drafted by the joint economic committee which is headed by the Senator.

As to the break in stock and commodity prices, Taft said: "I think prices are coming down. But we can't be afraid of inflation and deflation at the same time. I think we've got to continue to fight inflation."

**Takes Different Stand**

Meanwhile, another Republican, Rep. Howe of Kans., chairman of the House Agriculture Committee, took somewhat of a different stand from Taft and urged the government to resume wheat paying to prevent further market drops.

Anderson, commenting on the Taft and Hope remarks, said "I wish Senator Taft and Mr. Hope would get together."

The agriculture secretary said that information on plans to cut government grain buying leaked out before the market break.

**SUNDAY SCHOOL CAMPAIGN OPENS**

(Continued from Page One)

for a number of years, the Lawrence County Sabbath School Association furnishes the plan, figures out the standings, handles the publicity and makes the awards. The participating Sunday schools use their own plans for securing new members, stimulating more regular attendance among present members, and they also set goals and encourage competition among departments and classes.

Starting Sunday, February 15, the attendances and standings will be published weekly, and the church attendance figures will also be published in Tuesday's issue, instead of Monday's as formerly, as this gives more time for their completion.

All eight districts comprising the county Sunday school association will be represented in this increase effort.

## Two Versions Of Cugat-Cassini One Punch Battle

Principals Tell Different Story As To Fisticuffs In Hollywood

HOLLYWOOD, Feb. 9.—(INS)—Two different versions popped up today in the famous handleader Xavier Cugat-dress designer Oleg Cassini "one-punch" battle.

The Hollywood version of the fisticuffs took place yesterday in the pre-dawn cold air. As usual, there were conflicting stories.

Some witnesses said the rhumba king fell to the ground. Others said he never batted an eye—nor anything else. Cugat said he suffered a broken finger.

It all started when Cugat assertedly took exception to the ex-husband of actress Gene Tierney dancing with Cugat's actress-wife, Lorraine Allen. Cugat recently married Miss Allen.

**Cugat's Version**

Here is Cugat's version of the battle after it had reached the swinging stage.

"This gentleman, or whatever he calls himself, has been trying what you call 'Hollywood volleys' stuff around my wife. I don't go for that.

"I love Hollywood, but I don't like volleys. So, when I heard he was dancing with Lorraine I came over and asked him outside."

Cugat, after admitting Cassini got in the first punch, added: "I must have hit him too, because I got a broken finger. And if he doesn't stop wolfing around, there will be another fight. That one I'll win."

**Cassini's Side**

Cassini's side of the story differed:

"I don't even know the Cugats and I didn't have any idea it was Mrs. Cugat I was dancing with. She was just a member of a large party, which included some friends of mine."

"I was dumbfounded when Cugat walked up to me and asked me outside. I didn't want any fight, and I told him so, but he insisted. 'Frankly, I wouldn't want to hit an older man. So when we got outside and Cugat started swinging, I didn't even hit back—I just gave him a shove.'

"As for that 'wolf' business, that's utterly ridiculous. And, besides, who is Cugat to talk?"

## D. A. R. Musicales Presented In Castleton Saturday Afternoon

Lawrence chapter Daughters of the American Revolution meeting Saturday afternoon at 2:30 o'clock in Parlor A of The Castleton, with Mrs. Henry E. Golder, regent, presiding, heard a most delightful musical program presented by three soloists from the Conservatory of Music at Westminster college.

The soloists were Bruce B. Nidd of Monsey, N. Y., tenor; Miss Mildred Powell of Erie, pianist, and Miss Carolyn Holub of Pittsburgh, violinist.

Introduced by Mrs. William J. Caldwell, they presented their selections in six groups. For the first, Mr. Nidd sang the Twenty-Third Psalm and "The Penitent." His numbers in succeeding groups were "Where'er You Walk," "Clouds," "I Heard a Forest Praying," "Children of Men," "Duna" and "Homing."

Miss Holub's selections in two groups were "Intermezzo" from "Cavalleria Rusticana," "Adoration," "Meditation" from "Thais" and "Czardas."

Miss Powell's solos were "Prelude in G major" by Handel and Chopin's "Nocturne in E minor." She also accompanied for the balance of the program.

Their splendid performance, arranged for the occasion by Mrs. Alvah M. Shumaker, received warmly appreciative applause.

Reading of the ritual led by Regent Mrs. Golder and Mrs. Dale Mullen, chaplain, pledge of allegiance to the flag, and singing of the "Star Spangled Banner" with Mrs. Mullen at the piano opened the meeting.

During business, it was reported by Mrs. J. F. Rentz that \$300 has been pledged by the chapter to the Jameson Memorial hospital expansion fund.

Other contributions voted were to the D. A. R. approved schools, \$30 to the Kate Duncan Smith school, \$10 to Tomasee school and \$10 to the Crossmore school. The chapter also gave \$10 to the Jameson Hospital Aid society.

Members were asked to turn Christmas greeting cards in to Miss Alma Locke for Junior American Citizens club work.

Mrs. M. B. Dinsmore reported on the Valley Forge Memorial honor roll and Mrs. C. Donaldson on the names for the Golden Book of Memoirs in the D. A. R. tribute redwood forest in California, both national projects for the year.

A letter of invitation was read from the New Castle section, National Council of Jewish Women, to attend a Brotherhood meeting on February 17 and members were urged to attend. Mrs. J. F. Rentz, for the United Council of Churches reminded members of the World Day of Prayer Friday of this week and urged attendance.

Guests present were introduced to the assemblage and following adjournment, tea was served from

## O'LEARY-PUGH

### NUPTIALS PLEDGED

Miss Patricia Ann O'Leary, daughter of Mr. and Mrs. Joseph F. O'Leary, of 114 South Scott street, and Harold Emerson Pugh, son of Mr. and Mrs. P. R. Barth of 811 West Clayton street, were united in marriage at a double ring ceremony performed by Rev. Fr. P. McCarter, Saturday morning at 10 o'clock in the rectory of St. Mary's church.

The bride's gown was of white velvet with a yoke of sheer marquisette trimmed with lace and white sequins. Her fingertip veil of net and matching lace fell from a crown of white sequins and she carried a white prayerbook marked with an orchid and floral streamers.

She was attended by her sister, Miss Margaret M. O'Leary, who wore a gown of dusty rose with matching mitts. Her headress was a band of yellow roses and she carried a floral arm cascade bouquet.

Larry Spears served the groom as best man.

Following the ceremony, a wedding breakfast was served to the immediate families at the New Penn hotel, and in the evening relatives and friends of the couple congratulated them at a reception in the home of the bride's parents. The lace-laid and candlelit buffet table was centered with a three-tiered wedding cake, and Miss Joan Boyle, Miss Katherine Costello, and Mrs. William J. O'Leary served as bridesmaids.

Mrs. Pugh is a graduate of New Castle high school and the New Castle hospital School of Nursing. Mr. Pugh, also a graduate of New Castle high school, is affiliated with the B&O railroad.

Upon their return from a wedding trip to Cleveland, they will be at home to friends at 811 W. Clayton street.

## "OPEN HOUSE" ON SILVER WEDDING

Mr. and Mrs. Richard F. Sisley, 1308 Delaware avenue, celebrated their silver wedding anniversary Saturday when "open house" was observed in their home in the evening. Guests, numbering 75, were friends and relatives, including a number from out-of-town.

Dainty refreshments were served from a beautifully appointed table, centered with an arrangement of white mums and tulips, flanked by silver candles in crystal holders. Mrs. John Aller and Mrs. David Williamson, sisters of Mr. Sisley, Mrs. Vane Johns and Mrs. Harry Shellito presided at the tea table. Mrs. L. C. McCormick and Mrs. Fred Jenkins, sisters of Mrs. Sisley, Mrs. Philip Morris, the Misses Alice McCormick, Carol Jenkins, Miriam and Joan Shellito served as aides.

Mrs. Johns served as maid of honor for Mrs. Sisley at the wedding 25 years ago.

As remembrances of the occasion Mr. and Mrs. Sisley were recipients of many cards and gifts, including a number of bouquets of flowers.

The former Miss Carolyn Rodgers became the bride of Richard F. Sisley February 7, 1918, with Dr. D. Ralph Dunn officiating at the home of her parents, Mr. and Mrs. O. A. Rodgers. Mr. Sisley is the son of Frank Sisley and the late Mrs. Sisley, of Grove City. Mr. and Mrs. Sisley are the parents of two daughters, Mrs. James Schwalm, Cleveland, O., and Miss Marjorie Ann Sisley who is attending in the Robert Morris School of Business, Pittsburgh.

## Atomic Energy Only Hope For Peace In World

David Lilienthal, Atomic Energy Chairman Pleads For Cool Heads, Steady Judgment

NEW YORK, Feb. 9.—(INS)—David E. Lilienthal warned that public understanding of atomic energy is the "only solid hope" for preventing an atomic war "on a scale that has not yet been disclosed."

The chairman of the Atomic Energy commission, speaking before the Radio Executives club, declared that public ignorance of the atomic world breeds fear and that "fear is the brother of panic."

He added: "The principal and perhaps the only solid hope for preventing the use of atomic energy for destruction on a scale that has not yet been disclosed is for peoples everywhere to come to understand the atomic world; and to understand thereby the opportunities that lie before us to put this knowledge to uses beneficent and humane."

**Need Cool Heads**  
Lilienthal said that the nation will need "good steady judgment and cool heads in the coming year."

Public thinking that is dominated by great fear, by phantasy, or by indifference to one of the central facts of our century provides a sorry foundation for the strains we may find it necessary to withstand.

Lilienthal called for efforts through all mediums of information to educate the peoples of the world about atomic energy. He declared:

"A vacuum of knowledge about the atom will be filled; of that we may be sure. As time goes on it may be filled by utter indifference. This would be tragic and disastrous for a people to whom some of our well-intentioned patriots vibrate sweet-nothings about peace being had if we wish for it hard enough."

"Or that vacuum of lack of knowledge may be filled by deep unreasoning fear and panic. The vacuum may be filled by phantasy, by illusions. Neither panic nor phantasy provides the basis for a world of peace and security."

**Must Secure Peace**  
Lilienthal pointed out that "if people have knowledge and understanding they may or may not be happier as individuals," adding:

"But the country will be safer. The peace of the world will be more secure."

"We will be less likely to be taken in by sweet talk, or scared by shadows, or stumble—or be pushed—without knowing what we are doing, into some desperate finality."

## Says Readjustment Period Has Arrived

PHILADELPHIA, Feb. 9.—(INS)—The Federal Reserve Bank of Philadelphia's research economist believes crashing grain prices indicate the beginning of lower living costs generally.

David C. Melnicoff said the sharp break in the grain and commodity markets has, instead, all the earmarks of a readjustment. Abnormal relationship of farm product prices and the general price level made the readjustment necessary, Melnicoff said.

Prices of farm products, he added, were "completely out of line with the general price level for many weeks."

**WOMAN BURNED**  
PITTSBURGH, Feb. 9.—(INS)—An 81-year-old Hazelwood woman was burned seriously Sunday when her dress caught fire as she hung clothes to dry over a gas stove in the basement of her home.

The victim, Mrs. Louise Flaccus suffered critical burns despite the efforts of her daughter and son-in-law to extinguish the flames that enveloped her.

Physicians at the hospital where Mrs. Flaccus was taken by police, said she suffered second and third degree body and leg burns. Most of her clothes were seared off.

The annual United States death rate from tuberculosis has been reduced from 100 to 35 per 100,000 in the last 20 years.

## What Future Holds For New Castle 1948 Baby!

(Special To The News)  
NEW YORK, Feb. 9.—What does the future hold for the model 1948 baby, born this year to New Castle parents? According to the Department of Commerce reports and other data, the course of his life is carefully mapped out for him.

School days will begin for him when he is six, after successfully weathering the colds, measles and other minor childhood ills that beset him. Being an average New Castle child, he will continue his studies until he has completed 23 years of school.

The time will come for him to earn a livelihood and he will see excellent opportunities ahead for an industrious young man. He will discover that he happens to live in a richer community than most. In New Castle the average family in 1946 had an effective income of \$3,374.

Once settled in his career he will get married. As an average young man in his community, this will take place when he is 25.1 years old. His bride's age will be 21.9. They will have, statistically, 1.7 children, for New Castle families average 3.7 in size.

Their life expectancy, thanks to advances in medical science, is set at 64.4 years for him and 69.5 for her, or about eight years more than their parents had to look forward to.

### Burns Mantle Is Taken By Death

NEW YORK, Feb. 9.—(INS)—Burns Mantle, 75, dean of New York's drama critics died in his Forest Hills home today after a long illness. Death came at 11:45. His wife, Lydia, and a daughter, Mrs. Edward Gerard, Jr., of Wilmington, Del., were at his bedside when death came.  
Funeral arrangements have not been completed.  
Mantle, during the half century he spent as a reviewer, achieved an unique distinction—a drama critic beloved by the people of the theatre.

### Delinquents Are Paying Taxes

Persons who were delinquent with their personal taxes for either 1944, 1945 or 1946 have paid \$719.42 at the office of the city solicitor, according to a report issued today.  
Two plainclothesmen are serving the demands.  
It is estimated that between \$25,000 and \$30,000 is to be collected.

## Disorders In Korea Aimed At U. S. Forces

WASHINGTON, Feb. 9.—(INS)—United States officials view the alleged communist-inspired disorders in Korea today as a move to drive out American occupation forces as well as a defiance of the United Nations commission studying the situation there.

Dispatches from troubled Seoul, where the UN commission has decided to refer the Korean question to the little assembly, indicate that strikes and sabotage have been used in demonstrations against the commission's decision.

## St. Vitus Church Holy Name Rally

Two Hundred Men Of Parish Take Part In Mass And Communion Breakfast Program

Two hundred faithful members of the Holy Name Society of St. Vitus church, attended the rally and Holy Communion and breakfast Sunday morning at the church. The group received Holy Communion at the 7:30 o'clock mass.

At the breakfast which followed, president D. E. Cioffi and vice-president, Dr. John Prioletti spoke. Rev. Fr. V. Bertoline, spiritual director, said grace before the repast.

Other speakers heard from included William F. DeCarbo, Nicholas Casalandra, Carm Sacco, Alfonso Scarazzo, Samuel Dambrosia, Frank Bordonaro, John Corio, Charles Scaglione and Frank Colao. Sodulists of St. Vitus church who prepared the breakfast and later served at nicely arranged tables included: Bernice Dellaverson, Mary Librandi, Julie Terranova, Ann Terranova, and Catherine and Helen Mastrangelo.

## Naval Reserve Radio Station Near Completion

Lieutenant S. E. Inks announced today that the Navy Volunteer Electronic Company 418 has nearly completed the interior of the building donated by the city to the Electronic company for the purpose of erecting a radio station on that site in Deshon village.

Equipment is in the process of being received and all members will attend a special meeting to night at 7 p. m. to complete arrangements for necessary work prior to installing equipment.

## Fire Calls Fewer Over The Week End

Only three calls for fire were answered over the week-end, Fire Chief James E. Thomas reported today.

On Saturday, firemen were called to the home of C. J. Doerr, of 758 Arlington avenue, where damage of \$50 resulted from a small fire due to a defective chimney. Damage of \$10 was done to the auto of Harold Palmer, of Volant, when his auto backfired through the carburetor on Croton avenue, late Saturday afternoon.

At 9:05 o'clock this morning, Second ward firemen went to the home of L. W. Hare, of 229 Sheridan avenue, when smoke filled the home. No action was taken.

## MIGHTY FAST Relief For RHEUMATIC ACHES-PAINS

Sore, Stiff Muscles

When you're suffering from rheumatic, lumbago or neuritis pains—from stiff lame muscles—rub on Musterole for fast, long-lasting relief.

## Future Farmers To Have Gift Sale

Vocational agriculture students of western Pennsylvania who comprise the Hampshire Swine association will have their sixth annual bred and open gift sale at the New Wilmington livestock auction Wednesday, Feb. 11 at one o'clock.

Future Farmers from four different F. F. A. chapters are consigning to this year's sale. Included among them are: John Clark, of Mt. Jackson chapter, and Theodore Wallas, Don Hanna and Donald Smith, of the East Brook chapter.

In addition, a number of farmers from the district are consigning animals to the sale.

## Ross Transfers From Penn State To Washington

Penn State football team will be without the services of Robert Ross, giant guard, next season. It became known today the Mr. Ross has transferred from Penn State to the University of Washington, and will take up his studies in the western school in April.

Mr. Ross, the son of County Detective and Mrs. Charles D. Ross of Ellwood City began his football career in Ellwood City high school. He played tackle and was captain for two years. He spent many months in the armed forces and

then he returned entered Penn State. His freshman year was spent in California Pa., State Teachers' College due to the crowded condition of Penn State. There he played a tackle on the Penn State Freshmen, a team that was not beaten nor tied. Last season he played guard for the varsity team, and was second to Steve Cheuy who graduates this year. Ross played in every game.

Following the Cotton Bowl game in Dallas Texas, in which he played. Mr. Ross married his high school sweetheart, Miss Pauline Aiken, in Dallas. Mrs. Ross is now living in Seattle, Wash., and his desire to be with her prompted Mr. Ross to transfer.

Because of fires Americans lost enough work time during 1946 to make \$20,000 auto.

## WEDDING NEWS OF INTEREST HERE

Mr. and Mrs. Frank Capozio, Jr., Youngstown, O., nee Helen Tatting, daughter of Mr. and Mrs. Ralph Tatting, of St. Paul Minn., were guests of honor at an informal reception Sunday evening at the home of his parents, Mr. and Mrs. Frank Capozio, Sr., of East Philadelphia avenue, Youngstown, O. He is the brother of A. J. Capozio, this city.

The young couple were united in marriage in St. Paul's Faith Lutheran church on December 28, 1947, with Rev. Charles E. Grant officiating. Attendants were Mr. and Mrs. Ralph Tatting, at the ceremony.

An entertaining floor show was presented last evening, with Felix Buttar, Jr., and Chester DeRamo as impersonators and Angela Marie Buttar, vocalist. An orchestra provided the music.

A buffet lunch was served during the receiving of friends and relatives. A lovely arranged table was centered with flowers, and sides were: Mrs. Nicholas Amrose, Mrs. Chester DeRamo, Mrs. Anthony DeBene, Mr. and Mrs. James Capozio, and Mrs. A. J. Capozio, the latter of New Castle. Mrs. Capozio was graduate from the St. Paul's high school. Mr. Capozio, a graduate of Chaney high school, Youngstown, O., is at present a saxophone instructor at Youngstown, O., and also a member of a band there. At one time he played with Tommy Dorsey's orchestra and George Hall's orchestra.

## WIMODAUSIS TEA TO BE WEDNESDAY

Regular meeting of the Wimodausis will take place Wednesday afternoon, February 11, at 2:30 o'clock in the Scottish Rite Cathedral, with a tea to follow. A musical program will be presented with Mrs. Glenn Weber, chairman. Mrs. Roy A. Long is in charge of tea arrangements and will be assisted by members of the board. A board meeting at 2:15 will precede the regular meeting.

## Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ-soaked and inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

## Reagan, Wyman Marriage Through

HOLLYWOOD, Feb. 9.—(INS)—

This week is to mark the definite end of the marriage trail for that popular screen couple, Jean Wyman and Ronald Reagan.

The actress, separated from Reagan for some time, plans to sue for divorce before the week is out.

### Mother Gets Children

Her attorney, Lloyd Wright, said today a settlement has been reached on property and the care and custody of the two children, Maureen, seven, and Michael, two. The children are to live with the mother.

Friends said Miss Wyman would establish residence in Las Vegas and get a Nevada divorce.

The rift between Reagan and

his wife is supposed to have stemmed from his tenure as president of the Screen Actors Guild. The office developed political differences which came between the two and ultimately broke up their home.

## SLED-RIDER HAS WRIST FRACTURED

Robert Enhoff, aged 10 years, of 324 Shaw street, was treated at the Jameson Memorial hospital, Saturday afternoon at 5:30, for a fracture of the left wrist, received while sled-riding near his home.

The little fellow tried to stop his sled by running into the curb, and suffered a fracture of the bone.

Most young animals separated from their parents show no fear of snakes.

### See Warning In Resignation Of C.I.O. Official

Officials Cannot Support Wallace And Remain On C.I.O. Payroll

WASHINGTON, Feb. 9.—(INS)—The resignation of CIO General Counsel Lee Pressman served as a warning for other CIO officials that they cannot remain on the organization's payroll and support the third-party candidacy of Henry A. Wallace.

CIO President Philip Murray said he was "compelled" to accept Pressman's resignation when the latter expressed a desire to establish "an independent status" that would permit his participation in the Wallace campaign.

Labor sources said, however, that Murray has issued no specific drop Wallace or get out" edict. They said that CIO officials, as a matter of long-standing policy, are required to follow the action of the CIO executive board repudiating Wallace.

The anti-third party policy is enforceable only as to officials on the national CIO payroll or its state and local branches. It is not binding on 11 left-wing unions and their officers who are continuing to support Wallace.

Harry Bridges, president of the west coast longshoremen's union, has announced that he will back the former vice president. To do

### World Famed Pianist Here Tuesday Night

Benno Moisewitsch To Present Third Concert Of Metropolitan Guild Series

PITTSBURGH, Feb. 9.—(INS)—Police reported a new wrinkle in used car "deals."

A man drove into a used car lot operated by Berton Bennett and made a deal to sell his 1940 automobile for \$750. Just as the dealer was about to pay "cash" for the automobile, the seller remembered he would have to have his wife sign the title.

Bennett sent his 18-year-old son along with the money to take possession of the automobile and drive it back.

When the two got some distance away, the driver pulled a gun, took the money and forced the youth out of the car and drove off with his automobile and the current top price for it.

### CUPID IS LAGGING IN PHILADELPHIA

PHILADELPHIA, Feb. 9.—(INS)—Dan Cupid isn't getting much play so far this Leap Year from Philadelphia girls.

The city license bureau reported marriage license applications are running more than six per cent behind 1947's non-Leap Year figure.

### Used Car Deal Has New Angle

Benno Moisewitsch, world famed pianist will present the third concert of the Metropolitan Concert Guild, Tuesday night February 10 in the Cathedral. The concert opens at 8:30.

Mr. Moisewitsch is known throughout the world. He made his debut in London in 1908 and since then has toured the world many times. Every year, save for the war years he toured Europe, ten times he has toured North America, and South America twice. In addition he has toured the far east three times.

He is considered one of the great pianists of the world today. His inclusion as an artist upon the Metropolitan program of concerts is an indication of this year's type of entertainment.

Many requests have come for individual seats for this concert, and they can be had Tuesday night at the Cathedral box office.

When the first oil rush began in Western Pennsylvania in 1859, the only way to get the oil out was in barrels carted over roads cut through the wilderness. Pipelines were the answer to the problem, and were first visualized by Jacob J. Vandergrift, a former steamboat captain.

## Petitions Taken By Candidates

Signatures Now Lawful Upon Petitions To Place Names On Ballots

### OTHER EVENTS AT COURT HOUSE

Saturday was the first day when signatures could be secured upon candidates' petitions but there was no rush for them in the office of the Board of Elections. One set of petitions was taken out for the General Assembly and about half a dozen for county committee.

March 9 is the last day to file petitions for nomination and between now and then voters will get a lot of chances to exercise their fountain pens.

The primary is one April 27. Candidates will be nominated for delegates to the two national conventions, Congress, State Senate, Representative in the General Assembly, State Treasurer, State Auditor-General, and county committeemen from each of the 90 precincts of the county. Each of the major parties will elect two from each precinct.

## Good Taste

By FRANCES MARREL

**DINNER FOR TEN**

"I am planning a dinner for ten. It will be informal, yet I am very anxious to make it attractive, so far as the food and service are concerned. Would it be proper to serve the hors d'oeuvres in the living room? May I serve it or should the maid bring it? I have only one maid who just cooks and serves. What should be on the table when the guests enter the dining room—soup, salad, etc. I know how to set the table. Should the candles be lighted and should I also use the electric light above the table?"

Answer: If you will serve cocktails in the living room, serve your hors d'oeuvres there also. You had better attend to that, since your maid will doubtless be very busy now. If no cocktails will be served, place your appetizer on the dining table. Candles should be lighted and water goblets filled just before guests are seated. Salad is usually served after the meat course, but it may be served along with it. Candle light is far more attractive than any other light for a dining table, so do not use your electric light above the table. Place fresh flowers in the center of your table (low enough not to obstruct the view of your guests) and flank them with four candles—two on each side.

Question: A girl invited me to go to a party with her about two months ago, which I did. Since then my mother has been ill and I have not been able to show my appreciation by inviting her out with me. Do you think too much time has elapsed for me to reciprocate? Is it necessary for a boy to repay a girl for such an invitation?

Answer: Indeed, it is not too late. Call her and explain the reason for your negligence, and at the same time extend an invitation to her.

Question: Recently I received an invitation to an "at home". When I arrived I discovered it was the engagement announcement of the hostess' daughter. Should I send a gift to the girl now?

Answer: Engagement gifts are rare. They are usually given only by members of the family so you need do nothing about it.

ence, firmness and alertness, and emphasis on constructive results, rather than any special diplomatic skill. To make the State Department the sole director of our aid would be to imply, not only to the various countries involved, but to Russia and her satellites that our undertaking is primarily political and that we are going to assume practical dictation over the political policies of the recipients.

It is essential, of course, that we do exercise sufficient influence to forestall the possible establishment of Communist regimes among the nations involved in the Plan. It is essential also that the State Department be properly represented on any supervisory committee. But so long as Congress has to supply the billions required and also is the final arbiter of our foreign policies, Congress should have a voice in naming and approving the administrators of the Plan and be given an accounting of expenditures and the results achieved for each dollar provided.

**Competent Committee**

A competent committee would include the best business and industrial executives of the nation, outstanding leaders of organized labor, representatives of the churches, successful farmers, dairy-men and livestock growers, as well as such eminent and experienced individuals as Bernard Baruch and Herbert Hoover. The committee should be wholly free from any taint of politics, either domestic or international and command the respect of the beneficiary nations as well as our own country. We have poured out too many billions without any permanent benefit to risk wasting more funds through lack of proper administration.

This involves another Bureau—just piling one on Pelson—and God knows we have enough Bureaus now without any more. But it is to be hoped that Congress will absolutely scrap the "Marshall Plan." Let Europe take care of itself.

### THE PARENT PROBLEM

(Continued from Page Four)

on toys she selects those playthings which she has good reason to believe will educate her child physically, mentally, socially and morally while he enjoys them—playthings with a purpose.

**Things To Feel**

The baby needs toys to reach for, feel, grasp and manipulate; things easy to put into other much larger things; things to make noise with; and simple things to push and pull.

For the toddler: Push and pull toys are incentives to locomotion. Things to pile and fit together are good for size discrimination and eye-hand-finger coordination; wheel toys are good for leg and trunk and balancing exercises also.

The child from three to five and older needs toys suited to his widening skills and interests; activity toys for individual and group

play; constructive toys and tools suited to his age and development. Don't overlook books and children's magazines, from which to read to the baby and young child and books for the child to read alone. A selected list of books from which to read to the baby and young child may be had in a stamped envelope. Also another list of books for the child for six to twelve to read. This list includes many of the children's favorites which have stood the test of time. Miss Margaret Clark, head of the Lewis-Carroll Room, Public Library, Cleveland, O., helped me revise the second list, also to be had in a stamped envelope set me at 235 East 48th street, New York, N. Y.

Neshannock Township Fire House  
Scene Of Dinner For 100  
Cubs And Parents

Walmo Cub Pack No. 6 held its Scout Anniversary Week dinner Saturday evening in the Neshannock township fire house with about 100 cubs, parents, and guests present. Cub Master Michael Schuller officiated.

Achievement awards were presented to the following cubs: David Dayton, Den 1, a gold arrow on the wolf rank; David Morgan, Den 7, a bear badge and gold arrow on the bear rank; Clyde Altman, Den 2, a lion badge and certificate; Joe Heineman, Den 2, a lion badge and certificate; Dick Lesh, Den 2, a bear badge and certificate; Tim Foster, Den 3, a silver arrow on the wolf rank and a bear badge; John Frazier, Den 3, a wolf badge and a gold arrow on the wolf rank; John Kaufman, Den 3, a wolf badge and certificate; Bobbie Smith, Den 4, the Webelos badge and certificate.

Honor guests were Mr. and Mrs. Ralph Jordan and Mr. and Mrs. Thomas Allen. Mr. Allen explained the merit badge show to be held February 27-28 at the Cathedral and William J. Caldwell, pack committee chairman, gave a short talk on "George Washington — Cub Scout."

Short addresses on various phases of cub scout work were given by Thomas Smithers, N. E. McCluskey and Paul G. Dinsley, calling attention to the cub display window in the Pennsylvania Power building.

Two vacancies on the pack committee were filled by the appointment of Howard Foster and Robert Kyle.

Plans for the dinner were in charge of the following den mothers, Mrs. William J. Caldwell, Den 1, Mrs. J. E. Morgan, Den 2, Mrs. J. E. Altman, Den 2, Mrs. J. E. Heineman, Den 2, Mrs. J. E. Lesh, Den 2, Mrs. J. E. Foster, Den 3, Mrs. J. E. Frazier, Den 3, Mrs. J. E. Kaufman, Den 3, Mrs. J. E. Smith, Den 4, and Mrs. J. E. Wagner, Den 4.

Next Pack meeting will be March 6 at the Walmo school.

## Key Witnesses Being Sought In Probe Of Deal

WASHINGTON, Feb. 9.—(INS)—Two missing key witnesses were sought today by House war fraud probes in the wartime leasing of a "run-down, obsolete" steel plant on which the government lost \$2,708,787.

Henry H. Glasie, counsel, identified the witnesses as Paul D. An-

gell, 53, of Chicago, and Charles B. Stamm, 61, of Newport, Ky., both former Presidents of the Andrews Steel Co.

Glasie declared that subpoenas had been issued directing the two men to appear at public hearings opening today before a House Subcommittee headed by Rep. Bender (R) Ohio in connection with an investigation of the leasing of the Andrews steel plant at Newport.

## District Dinner Is Well Attended

Truckers From Six Counties Hear Interesting Addresses Saturday Night

Six western Pennsylvania counties were represented Saturday night in The Castleton hotel when a district dinner meeting was held by the Lawrence County Chapter, Pennsylvania Motor Truck Association.

Each of the counties had the chapter president and a delegation of members present.

J. Fred Clarke, president of the Lawrence County chapter, served as toastmaster. After welcoming the guests Mr. Clarke spoke upon the necessity of an even stronger

state organization of the PMTA through larger and more active chapters.

Speakers included the following: Past State President Paul W. Keeley, on "Claims"; Samuel A. Mooney on "Tandem Axle Trailers"; Past State President Harry L. Gormley upon "Legislation"; Mrs. Harry L. Gormley read a letter from the state general manager in Harrisburg, Edward Goyolin, who expressed his regret at being unable to be present. Impromptu remarks were made by C. B. Wiley, president of the Allegheny County Chapter PMTA and Paul Secoy of the Fruehof Trucking Company.

The following presidents acknowledged introductions: Fred E. Smith of Clarion; James Stokes of Butler; Paul Kephart of Crawford; M. J. Badger of Mercer; and A. J. De Mott of Jefferson.

There was considerable discussion of the coming Ladies Night dinner on March 20 and a number of tickets went to men of the out-lying counties.

## Recreation Room Opened By Youth

Youth Fellowship of the First Methodist church officially opened its recreation room on Saturday, February 7, with a Valentine party. The room which contains two ping-pong tables and a shuffleboard was neatly decorated in the spirit of Valentine Day.

Games were played by the group

under the direction of Wallace Coates. Candy was contributed by Mary Alice Falls and cake by Wilma Cavill and Geraldine Shaffer, president of the group.

The long table seated 39 guests with Rev. J. A. Gaiser presiding, with Mrs. Gaiser being a special guest. Serving were Karen Sloan,

Eleanor Sloan and Freda Holsapfel with Mr. and Mrs. Clarence Coates, superintendents of the youth department in charge.

Homemade candy was awarded to Betty Lou Quint, with Pattie Burgo who was ill sending valentines and a note. Following refreshments, the group continued play in the recreation room.

## Brutal Assailant Of Aged Widow Is Hunted By Police

Find Philadelphia Woman, 75,  
Beaten And Robbed, Near  
Death From Starvation

PHILADELPHIA, Feb. 9.—(INS)—A widespread manhunt was underway today for a brutal assailant who purportedly beat and robbed a 75-year-old widow who laid helpless for a week until her faint cries finally brought aid.

Mrs. Margaret Colbert, rushed to Hahnemann hospital for treatment, was found starving and suffering from exposure on her bed in the house in which she lived alone.

She told police a strange man invaded her home a week ago, demanded money, and beat her with the buckle end of a belt before choking her into unconsciousness.

The thief, Mrs. Colbert said, fled with all the money she had in the house—\$50.

### Help Finally Arrives

The aged woman said she made frequent attempts to arise during the week but could not. The fire in the furnace went out and she was unable to get to any food.

As the week progressed and she became more feeble from cold and starvation the most Mrs. Colbert said she could do was to make weak cries for help.

Finally a neighbor telephoned police.

"I seem to hear moans coming from the house at 715 N. 19th street . . . somebody seems to be in trouble."

A policeman broke a lock on the door and found Mrs. Colbert lying in the third floor bed.

## CHEWTON

### CLASS MEETING

The J. C. Yoho Bible class of the Chewton Christian Sunday school met in the church basement Saturday evening with Mr. and Mrs. Elmer Badger as host and hostess. Thirty members were in attendance.

Routine business was conducted by the president, Lewis B. Guy, and plans were discussed for future meetings.

The remainder of the evening was spent socially and in playing games.

At a later hour a delicious lunch was served by the host and hostess, assisted by Mrs. Lewis B. Guy.

### CHEWTON NOTES

Mr. and Mrs. James Jennings of Providence, R. I., are visiting at the home of the latter's parents, Mr. and Mrs. O. V. Douthitt.

Gary Wayne Mayberry, small son of Mr. and Mrs. William Mayberry, is confined to his home with the flu.

Mr. and Mrs. George H. Conner, of Cleveland, O., visited at the homes of Mrs. Eliza Conner and Mr. and Mrs. Elmer Badger and family Saturday.

Elmer Badger visited at the home of Mr. and Mrs. Russell Kemp of Ellwood City Sunday evening. The Kemp family are leaving for Florida in the near future.

Mr. and Mrs. O. V. Douthitt entertained at a family dinner Sunday in honor of their son-in-law, and daughter, Mr. and Mrs. James Jennings. Those enjoying the dinner were Mr. and Mrs. David Douthitt and Mrs. Ada Hennon, of Ellwood City, and Mr. and Mrs. Roy Douthitt and daughter, Sally Lou, of Wampum.

Mr. and Mrs. Moulton L. Ferguson, of Princeton, were dinner guests at the home of Mrs. Eliza Conner Sunday.

Mrs. Elmer Badger, Mrs. Lewis Guy and Miss Ada Louise Guy attended the Eastern Star banquet in Ellwood City Friday evening.

### RESCUE DOG ON ICE

NEW YORK, Feb. 9.—(INS)—A nondescript dog who kept police, firemen, the coast guard, ASPCA and volunteer civilians busy for hours was resting comfortably today in an animal shelter, none the worse for its experience. The dog, marooned on an ice floe in Gravesend Bay, New York, was rescued by three men in a sailboat after a coast guard ice breaker was halted by shallow water after smashing its way to within a few feet of the floe.

## Large Refunds Of Federal Taxes

PITTSBURGH, Feb. 9.—(INS)—The internal revenue bureau reported Sunday that six Pittsburgh corporations received a total of more than \$76,000,000 in federal tax refunds in the year ended last June 30.

Reports of the refunds made to the house expenditures committee in Washington is required by law. However, the internal revenue bureau was careful to point out that the refunds do not necessarily indicate the current financial picture of the companies since many of the repayments are on taxes paid several years ago.

Largest single refund, \$59,095,906, went to Westinghouse Electric Corporation for overpayment of excess profits and income taxes. Also listed as receiving refunds of more than a million dollars were: Aluminum Company of America and Affiliated Corporations, \$7,230,041; Jones and Laughlin Steel Corporation, \$4,957,328;

Pittsburgh Plate Glass Company, \$2,312,820; National Supply Company of Pittsburgh, \$1,708,250; and Mesta Machine Company \$1,471,680.

There has been a steady flow of legislation in Turkey in recent years to westernize the country. Polygamy and slavery have been abolished, civil marriages have been made obligatory and registration of marriages ordered.

More than 50 per cent of the population of Bolivia, South America, are Indians who speak their own dialects only. Twenty-five per cent are of mixed blood.

## Five Are Injured In Sledding Crash

McKEESPORT, Pa., Feb. 9.—(INS)—Five sleigh riders were injured, three of them seriously, Sunday night when they crashed into a tree at the foot of a steep hill in Versailles borough.

The accident climaxed a day spent in coasting down the quarter-mile long hillside on a crude toboggan made from a long strip of corrugated steel.

All five injured were knocked unconscious by the impact. Some

of them were hurled from the toboggan onto an ice covered creek at the foot of the hill.

Most seriously hurt were Walter Godak, 30, Philip Albensi, 17, and Al Cunningham, 17, all of Versailles.

Godak, who was steering the toboggan, suffered a rupture of the spleen and possible other internal injuries. The other two suffered probable skull fractures and other head injuries.

From 15 to 20 million dollars a year are spent in the United States annually for control of forest fires by public and private agencies.

## Father And Sons Dinner February 16

Event Will Be At Mahoning Methodist Church; "Rosey" Rowswell Will Be Speaker

On Monday evening, February 16, fathers and sons of the community will gather for a dinner at six o'clock, in the dining room, of the Mahoning Methodist church.

An interesting program has been arranged for by the committee in charge. The speaker of the evening will be the well-known humorist and baseball broadcaster, "Rosey" Rowswell. Mr. Rowswell is well recommended by the fact that his speaking engagements have taken him to many cities in the eastern United States. His ability to entertain in this type of program, is well spoken of in the entertainment world.

This will be an evening of friendship for the folks of the ward. Reservations may be made by members of the committee. Leonard Blasdel, general chairman, R. M. Barnes, Ralph Taylor, M. A. Boyd, Wendell McClurg and pastor of the churches in the ward.

The event is a non-profit gathering with the thought of fellowship and better relationship between fathers and sons.

## Church Young Folks Have United Event

Young People Of Three Churches Have Union Social Evening; Games Played

Young folks of Mahoningtown Presbyterian, Mahoning Methodist and Christian churches, united for a social evening, on Friday, at the Mahoning Methodist church.

The event started out with shuffle-board and ping pong games. Various other games were enjoyed during the evening, with Allan Bretell in charge.

Mr. Bretell showed moving pictures entitled "Travels Through New England," and "Scenes in Africa." He also took a number of pictures of the occasion.

Revs. Howard A. Redmond and J. L. Petrie were present, also Miss Doris Jean Daniels and William Bollinger, young people's counselors.

A delicious lunch was served by the social committee.

## Birthday Party For Ward Kiddies

Little Jane and Tommy Rainey youngsters of Mr. and Mrs. Edward Rainey, of 8 East Wabash avenue, were feted at a lovely Valentine birthday party given by their mother on Saturday afternoon at the home of their grandparents, Mr. and Mrs. T. C. Rainey, North Liberty street.

The early afternoon hours were greatly enjoyed by the 17 youngsters who attended. Gay balloons and Valentine decorations were used as decorations throughout the room. Two prizes were awarded during play, and these were captured by Barbara Ann Rainey and Tommy Rainey. At a later hour the hostess served a dainty birthday lunch, aided by her sister, Mary Castrucci, and sister-in-law, Mrs. Thelma Ellery.

Mothers of the invited youngsters also attended as guests. The guests of honor were recipients of many useful gifts in remembrance of the occasion.

## Charge Reports On Turnpike Accidents Largely Distorted

State Turnpike Head Says Road Is Safest Of All High Speed Highways

HARRISBURG, Feb. 9.—(INS)—Reports that accidents were increasing on the 160-mile express highway were branded "distorted" propaganda today by the Pennsylvania Turnpike commission.

Chairman T. J. Evans contended the Irwin-Middlesex toll road "is the safest of all high speed highways and safer than the average of all other highways, and this despite the fact that a speed limit of 70 miles per hour is permitted."

The denial was contained in a pamphlet in which the commission denounced the National Highway Users' conference and U. S. Commissioner of Public Roads T. H. MacDonald.

Evans, who prepared the denial, charged the conference had "deliberately distorted" the accident picture by publishing a chart which compared turnpike accidents during the first half of 1946 with accidents on state and national highways.

Evans charged the conference had attempted to build a case on individual large toll accidents without regard for mechanical defects which cause some accidents.

"From the evidence it would appear that your organization is working hand in glove with Thomas H. McDonald, U. S. Commissioner of Public Roads," Evans declared. "You agents parrot his propaganda and he does the same with yours."

The chairman said a chart prepared by the National Safety Council, which he labeled an impartial organization, revealed that the average accident rate on the turnpike per 100 million miles between 1941 and 1946 was 10.65 compared with 14.1 for rural Pennsylvania roads and 13.45 for rural United States.

The rate was lowest on the turnpike for each year of the period except 1944 when the superhighway was "essentially a war supply highway."

McDonald was accused of citing what Evans called "false figures" in a letter published by a National Highway magazine in an attempt to show that the turnpike handled only the minimum amount of traffic necessary to justify support.

### Indiantown Gap Is Inspected

Every State In Union, Panama And  
Hawaii Send Delegations To  
Look Over Encampment

INDIANTOWN GAP, Pa., Feb. 9.—(INS)—National Guard officers from every state in the union, Panama and Hawaii on Saturday inspected Pennsylvania's military headquarters on the 16,500 acre Indiantown Gap military reservation.

Headed by Maj. Gen. Kenneth F. Cramer, chief of the National Guard Bureau at Washington, and State Adjutant General Frank A.

Weber, the 85-member delegation was told that headquarters in the so-called "Little Pentagon" would provide a model of operation for all other guard organizations in the country.

U. S. property and disbursing officers from many states were included in the delegation inspecting the training base of the famed 28th Infantry Division.

On display will be the machine records system, worked out by Cramer and Weber, which provides a quick accounting of manpower, equipment and supplies in the Pennsylvania National Guard.

The Indiantown Gap establishment houses the headquarters of the 28th Division, the state's U. S. property and disbursing office, the senior ground and air instructors and the 103rd Medium Maintenance Company.

### Blind Youngsters Calm During Fire

PITTSBURGH, Feb. 9.—(INS)—Eleven kindergarten students of a school for the blind, in Pittsburgh, last night executed a fire drill taught them for just such an emergency and marched to safety through their smoked filled school.

The children, either totally or partially blind, filed to an assembly hall where their coolness won the admiration of firemen who allowed them to remain there, rather than go out into the cold.

No Disorder  
As the smoke poured down from the third floor of the brick building, the partial blind led the others

who followed in an orderly progress without the slightest sign of panic.

The children showed the same unconcern when the fire was put out a half hour later and they climbed back to their beds in the second floor dormitory.

Fire damage, which was confined to the third floor, was estimated at \$400 by Fire Chief Donahue.

### Safety Record Set By Driver

WAYNESBURG, Pa., Feb. 9.—If you can drive the same car 300,000 miles without putting a scratch on it, you must be a safe driver.

James Johnston, a power company stock clerk who lives in Nineveh, Greene county, did it. He is still driving the coupe he bought in 1930 for his honeymoon trip and it's never had a bump.

Every day he drives an 18-mile round trip from Nineveh to Waynesburg and back in all kinds of weather. Formerly he drove to a steel mill at Washington over heavily traveled U. S. Route 19.

The car, still with its original fenders, now has its third motor.

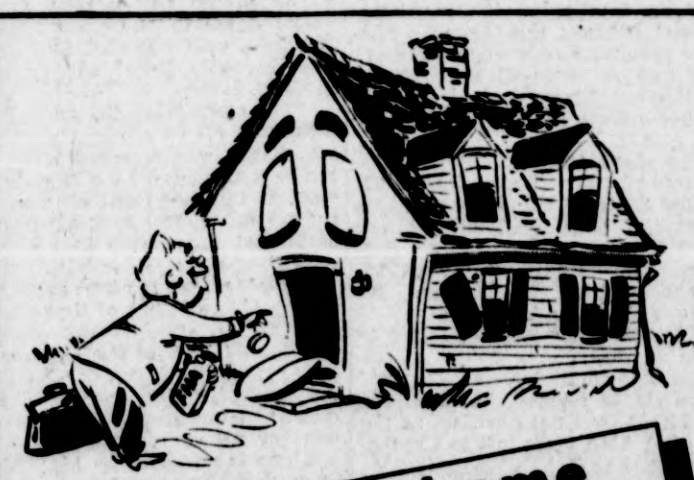

### Home And Building Construction Down

HARRISBURG, Feb. 9.—(INS)—High costs coupled with mid-winter building obstacles forced home and building construction down 21.3 per cent during December, it was reported by the State Department of Labor and Industry.

Secretary William H. Chesnut said 3244 construction permits were issued during the month in 354 municipalities for buildings of all types valued at \$22,252,511. The value of residential construction was estimated at \$10,553,867.

## Oil Men Hoping For Weather To Break Shortly

Claim Industry Can Cope With Shortage, Next Four Or Five Weeks Critical

By JAMES L. KILGALLAN

(U. S. Staff Correspondent)  
NEW YORK, Feb. 9.—Top-flight oil executives told newsmen that—given a break in the cold weather—the industry will successfully cope with the fuel shortage which for weeks has had the entire east coast shivering. Eugene Holman, president of the Standard Oil company (New Jersey), admitted that the East is facing a struggle to maintain fuel oil supplies.

### Making Headway

But, he told 40 reporters called to a news conference in Rockefeller Center.  
"I think we're making headway. There may be hardships in the next four or five weeks but I don't think the situation will be critical, especially if the weather moderates."

Looking forward to the summer, in estimating what the situation will be like next winter, Holman said: "Supplies may be tight but not critical for 1949."

### Will Straighten Out

The situation will straighten itself out in the next three or four years, Holman confidently pre-

dicted in asserting the industry was alive to conditions with which it is confronted.

Monroe J. Eastbone, president of Esso Standard Oil company, stressed the abnormally high increase in oil consumption. He cited the big increase in the use of oil burners instead of coal.

He also pointed out that the weather in the East has been five per cent colder than normal, and 30 per cent colder than last year, and that lack of tanker transportation seriously cut down stock piles.

### Synthetic Oil

Holman and other executives explained that synthetic fuel development is a slow process, chiefly because of heavy investments required.

The technique for making synthetic oil has been worked out, they said, but the cost is heavy. Two synthetic plants are now under construction, one in Texas, the other in Kansas.

All of the half dozen executives who spoke to the reporters were united in voicing the belief that the oil industry of the country, considering what it has been up against, has done a first-class job in meeting the oil crisis—in the face of odds.

## 'Scarf' Death Of Youth Is Probed

Find Charles Dilworth, 10, Dead In Bed, With Scarf Tightly Wound Around Neck

NORRISTOWN, Pa., Feb. 9.—(INS)—Montgomery county authorities launched an intensive investigation today into the "cow-boy scarf" strangulation of 10-year-old Charles Dilworth.

The youngster's body was found in his bedroom in a one-story bungalow where he had lived with his stepfather and mother, Mr. and Mrs. Oliver Dilworth, at near-by Port Indian.

His mother, 30, told police she found the boy "lying on his face with blood coming from his ears."

The pink fabric scarf was knotted tightly around the boy's throat. A post-mortem was conducted at once by County Coroner W. J. Rushong, who said that death was caused by "suffocation."

Rushong said Young Dilworth had been dead for some time, "possibly 10 to 15 hours," before his body was found. He refused to elaborate on his finding of "suffocation."

Warned by Stepfather  
District Attorney E. Arnold Forrest, who assumed personal charge of the investigation, said the scarf was so tightly knotted around the boy's throat that it had to be cut to get it off.

The youngster's stepfather, a bus driver, told Forrest the boy was "always playing cowboy games and wearing the scarf around his neck." "I told him many times," Forrest quoted Dilworth as saying, "He'd get into trouble if he did it, because it was dangerous."

The coroner's investigation revealed no broken bones in the neck or any sign of pressure on the neck before death.

## Accident Death Toll During Past Year Was 100,000

CHICAGO, Feb. 9.—The nation's toll from accidents in 1947, says the National Safety Council, was 100,000 killed, 10,500,000 injured and \$8,700,000,000 economic loss.

There was a general increase in accidental deaths of all kinds—except traffic mishaps—as compared to 1946. Home accidents led, displacing traffic, traditional No. 1 leader. The council said one out of every 14 persons in the country suffered a disabling injury last year.

Last year's death toll was two per cent more than in 1946 but the council said the most encouraging spot in the accident picture was a four per cent decrease in traffic fatalities.

The council said the over-all increase was due principally to sharp rise in public accidents other than motor vehicles—mainly drownings and disaster tolls. Home accidents caused 33,000 deaths.

A year of record business but NOT record earnings

## Efficient use of new cars and locomotives provides improved freight and passenger service

IN the face of rising costs of the 1001 items used to run a railroad ... with increased labor costs and higher taxes ... the Erie Railroad made railroading progress in 1947 through the efficient use of new and improved equipment. \$11,200,000 of new equipment was placed in service last year, and \$19,200,000 is already programmed for 1948.

New and improved equipment means better transportation service—but these improvements must be paid for out of earnings. That's why the railroads must have rates high enough to enable them to earn at least a 6% return on their net property investment. In 1947, Erie's return was only 3.2%.

## Around Hollywood

By JOHN TODD  
International News Service Staff Correspondent

HOLLYWOOD, Feb. 9.—(INS)—In a town where many free lancers are running for cover in term contracts, John Payne has just begun his new career as his own boss. He took a four months' vacation after he managed to have his contract at 20th Century-Fox, where he had several disputes over film parts, torn up.

Happy Young Man  
I talked to him the day he began work in "The Saxon Charm" at Universal-International and found a happy and contented young gentleman.

"I went down to my home in Virginia for a while," he said. "I did some hunting for three weeks, but didn't have much luck. There ought to be a five-year vacation from hunting for the birds, so the flocks would build up again."

"I also was in New York for two radio shows, and I didn't enjoy that. After three days there, I got a severe attack of claustrophobia."

Everybody was an angle and everybody is in such a rush.  
"I originally had planned to remain only a week, but there was a mix-up and I had to stay two weeks. That was exactly 11 days too long."

Plan For Trip  
Lou Costello and Bud Abbott are planning an extensive personal appearance tour with their Eagle-Lion picture, "The Go-Go Gang High," to raise badly needed funds for the maintenance of the Lou Costello, Jr., youth foundation. This maintains a magnificent playground in one of Los Angeles' slum neighborhoods.

Lou, who is rather bitter at the lack of support given the project by Los Angeles and Hollywood, says he'll go out in April, with the first premiere to be held in Dallas, Tex. Said Lou:

"We'll also have performances in New Orleans, in Alabama City,

Atlanta, New York City, Baltimore, Philadelphia, Kansas City, and my home town, Paterson, N. J.

"I might say that Paterson has contributed more to the foundation than Los Angeles has."

It might be pointed out here that Lou and Bud already have spent more than \$300,000 of their own money on the playground.

## Charge Reports On Turnpike Accidents Largely Distorted

State Turnpike Head Says Road Is Safest Of All High Speed Highways

HARRISBURG, Feb. 9.—(INS)—Reports that accidents were increasing on the 160-mile express highway were branded "distorted" propaganda today by the Pennsylvania Turnpike commission.

Chairman T. J. Evans contended the Irwin-Middlesex toll road "is the safest of all high speed highways and safer than the average of all other highways, and this despite the fact that a speed limit of 70 miles per hour is permitted."

The denial was contained in a pamphlet in which the commission denounced the National Highway Users' conference and U. S. Commissioner of Public Roads T. H. MacDonald.

Evans, who prepared the denial, charged the conference had "deliberately distorted" the accident picture by publishing a chart which compared turnpike accidents during the first half of 1946 with accidents on state and national highways.

Evans charged the conference had attempted to build a case on individual large toll accidents without regard for mechanical defects which cause some accidents.

"From the evidence it would appear that your organization is working hand in glove with Thomas H. McDonald, U. S. Commissioner of Public Road," Evans declared. "You agents parrot his propaganda and he does the same with yours."

The chairman said a chart prepared by the National Safety Council, which he labeled an impartial organization, revealed that the average accident rate on the turnpike per 100 million miles between 1941 and 1946 was 10.85 compared with 14.1 for rural Pennsylvania roads and 13.45 for rural United States.

The rate was lowest on the turnpike for each year of the period except 1944 when the superhighway was "essentially a war supply highway."

McDonald was accused of citing what Evans called "false figures" in a letter published by a National Highway magazine in an attempt to show that the turnpike handled only the minimum amount of traffic necessary to justify support.

### E. NEW CASTLE

**GRACE BIBLE CHURCH**  
Tuesday night Bible Study class will not hold a meeting this week. Thursday Bible Club under the direction of Mrs. George Fissel. Ladies Missionary Society will meet at 8 p. m. at the home of Mrs. Helen Kettel with Mrs. Jessie Karki as the speaker for the evening.

**ANNIVERSARY DINNER**  
A full course dinner was given at the home of Mr. and Mrs. C. Watson in honor of the first wedding anniversary of Mr. and Mrs. Frank Nye on February 4. Places were set for twenty-four at a prettily decorated table, the color scheme being pink and white. Dinner was served by Mrs. Harvey Kettel and Mr. C. Watson. The couple received some very lovely gifts.

**EAST NEW CASTLE NOTES**  
Teddy Watson was ill several days last week but is able to be back in school.

Earl David Shafte, who is confined to the New Castle Hospital is reported as being somewhat better.

Miss Carol McCowin, who was operated on Tuesday for appendicitis is doing very well. She is confined to the Jameson Memorial.

Mr. John Dado, of Savannah road was admitted to the New Castle Hospital, February 8, where he will be treated for pneumonia.

The Young Peoples Fellowship group held a sledding party recently and enjoyed a good time together. After the jaunt they gathered at the Watson residence where Mr. and Mrs. Watson served a delightful lunch.

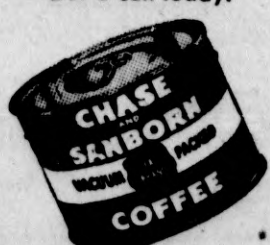

Marlin Shafter, a student in Geneva College transferred to Pitt. where he began his new semester on Feb. 5. Word has been received from Paul Tanner and John Cochran that they have arrived at Paris Island and are very well satisfied.

## Indiantown Gap Is Inspected

Every State In Union, Panama And  
Hawaii Send Delegations To  
Look Over Encampment

INDIANTOWN GAP, Pa., Feb. 9.—(INS)—National Guard officers from every state in the union, Panama and Hawaii on Saturday inspected Pennsylvania's military headquarters on the 16,500 acre Indiantown Gap military reservation.

Headed by Maj. Gen. Kenneth F. Cramer, chief of the National Guard Bureau at Washington, and State Adjutant General Frank A.

Weber, the 85-member delegation was told that headquarters in the so-called "Little Pentagon" would provide a model of operations for all other guard organizations in the country.

U. S. property and disbursing officers from many states were included in the delegation inspecting the training base of the famed 28th Infantry Division.

On display will be the machine records system, worked out by Cramer and Weber, which provides a quick accounting of manpower, equipment and supplies in the Pennsylvania National Guard.

The Indiantown Gap establishment houses the headquarters of the 28th Division, the state's U. S. property and disbursing office, the senior ground and air instructors and the 103rd Medium Maintenance Company.

## Blind Youngsters Calm During Fire

PITTSBURGH, Feb. 9.—(INS)—Eleven kindergarten students of a school for the blind, in Pittsburgh, last night executed a fire drill taught them for just such an emergency and marched to safety through their smoked filled school.

The children, either totally or partially blind, filed to an assembly hall where their coolness won the admiration of firemen who allowed them to remain there, rather than go out into the cold.

No Disorder

As the smoke poured down from the third floor of the brick building, the partial blind led the others who followed in an orderly progress without the slightest sign of panic.

The children showed the same unconcern when the fire was put out a half hour later and they climbed back to their beds in the second floor dormitory.

Fire damage, which was confined to the third floor, was estimated at \$400 by Fire Chief Donahue.

The children, either totally or partially blind, filed to an assembly hall where their coolness won the admiration of firemen who allowed them to remain there, rather than go out into the cold.

## Safety Record Set By Driver

WAYNESBURG, Pa., Feb. 9.—If you can drive the same car 300,000 miles without putting a scratch on it, you must be a safe driver.

James Johnston, a power company stock clerk who lives in Nineveh, Greene county, did it. He is still driving the coupe he bought in 1930 for his honeymoon trip and it's never had a bump.

Every day he drives an 16-mile round trip from Nineveh to Waynesburg and back in all kinds of weather. Formerly he drove to a steel mill at Washington over heavily traveled U. S. Route 19.

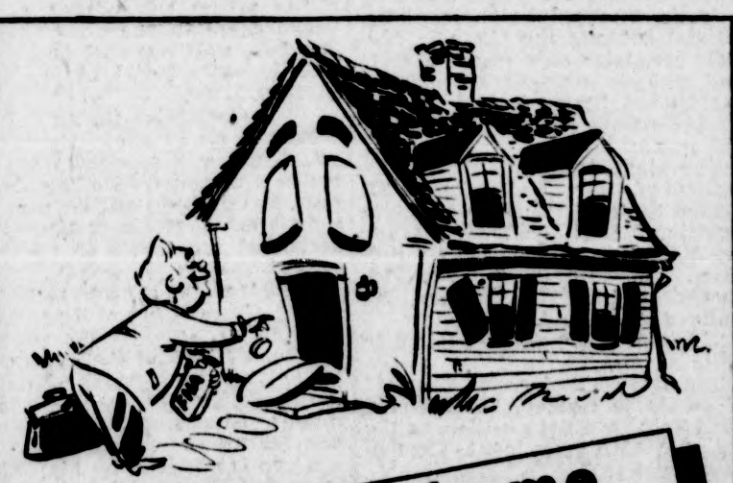

The car, still with its original fenders, now has its third motor.

## Home And Building Construction Down

HARRISBURG, Feb. 9.—(INS)—High costs coupled with mid-winter building obstacles forced home and building construction down 21.3 per cent during December, it was reported by the State Department of Labor and Industry.

Secretary William H. Chesnut said 3244 construction permits were issued during the month in 354 municipalities for buildings of all types valued at \$22,252,511. The value of residential construction was estimated at \$10,553,887.

## Chapman Would Like To Snare Bobo Newsom

PHILADELPHIA, Feb. 9.—(INS)—Manager Ben Chapman of the Phillies admits he's a confirmed bargain hunter.

That's why, he said he's interested in talking turkey with Bobo the Hobo Newsom who was given the heave-ho onto the one dollar bargain counter by the New York Yankees the other day.

"Any time a guy can win for me," Chapman said, "I'm interested, especially when I can get him for a buck. That's a novelty in itself."

Chapman said he'd be glad to listen to "Walking Man" Newsome's proposition "any time he wants to talk to me."

"I've known Bobo for years and when he's in shape and wants to win he's a lot of pitcher."

"If Bobo can win, we'll take him. I'd take Cy Young if he could win."

If Newsom negotiated successfully with the Phillies it would mark the 17th major league club to sign him.

### BEARS WIN FIRST

HERSHEY, Pa., Feb. 9.—(INS)—The Hershey Bears registered their first win of the season over Buffalo Saturday night with a 5-1 decision in the Sports Arena before approximately 7400 spectators.

Goalie Gordie Henry held the Bisons scoreless for more than 42 minutes until Wingman Joe Bell blasted the cords with a screened shot. Hershey tallied twice in the middle stanza and three times in the final period.

The Phillies will play a total of 46 exhibition games before they open the National League schedule next spring.

## Handicap No Bar

DESPITE the fact he has only one hand, Vic Naegelin is doing a fine job as a cage star with the Willoughby, O., Union high school. Now 16, Vic was born with the handicap, but it never has bothered him much. He played centerfield in baseball with the Willoughby Fire Department team for three years. Later he turned to pitching and fanned 27 men in three games. (International)

## Duquesne Meets Tough Seton Hall

PITTSBURGH, Feb. 9.—(INS)—Duquesne University and Seton Hall College, two of the nation's best basketball teams, square off against each other tonight at the Pittsburgh Gardens with the tournament hopes of each hanging in the balance.

The Seton Hall Pirates have a season record of 16 won and one lost. Against the Dukes 14 won, one lost score. The Jerseyite's only defeat was administered by Xavier University of Cincinnati on the third consecutive day of a trip. Texas Wesleyan has been the only common foe faced by the Dukes and the Pirates. The Texans handed Duquesne its only loss of the campaign and was beaten 59-41 by Seton Hall.

## ATHLETICS' FAIN HAS TRICK KNEE

PHILADELPHIA, Feb. 9.—(INS)—The Philadelphia Athletics are worried today that their star young first baseman, Ferris Fain, won't be able to start spring training. Fain, sparkplug of the rejuvenated A's infield last spring, underwent a second knee operation last week and physicians say his condition isn't too hopeful.

CATHOLIC CENTER RESULTS  
Three games were played at the Catholic Center Sunday. St. Mary's lost to George Washington 47-20. The St. Mary's lower graders won from St. John's 18-12 and in the finale the St. Mary's independent quint whipped the G. I. Shines 41-36.

Tuesday night the Saints will play the St. Michael's school of Greenville while the Juniors will meet the junior team of the same school.

### DAPPER DAN

### GOLDEN GLOVES STARTS TONIGHT

PITTSBURGH, Feb. 9.—(INS)—The third annual Dapper Dan-Post Gazette Golden Gloves tournament gets underway in Pittsburgh tonight, with the preliminaries extending through Tuesday and Wednesday.

Monday night's scrapping is confined to the lowest three weight classes, the 112, 118 and 126 pounders. Ninety-one boys from the tri-state area have entered in these three classes, 26 in the 112-pound bracket, 30 in the 118-pound class and 35 among the 126-pounders. The boys who survive the beltings in the finals next Monday night at the Pittsburgh Gardens will be taken to New York for the eastern Golden Gloves championships, March 1, 2 and 3. They also will be eligible to try out for the United States Olympic team which will compete in the summer games in England.
